Times Tables Learning

Children in year 4 will be participating in the multiplication tables check in June.

It is an on-screen check consisting of 25 times table questions. They will then have 6 seconds to answer each question. Below are two websites that will help your child prepare for the check.

Hit the Button

https://mathsframe.co.uk/en/resources/resource/477/Multiplication-Tables-Check

Hit the Button is an interactive maths game with quick fire questions on number bonds, times tables, doubling and halving, multiples, division facts and square numbers. The games, which are against the clock, challenge and develop mental maths skills.

Mr D says...
Let your child choose times tables they are struggling with and see how many answers they can get in 30 seconds. Keep track of their scores and have fun with it.

You've got this!

This activity exactly mirrors the 'Multiplication Tables Check' that will be given to children at the end of Year 4. They are tested on their multiplication tables up to 12 x 12. There are twenty-five questions and children have six seconds to answer each question and three seconds between questions.

Mr D says...
Start on choosing times tables your child need to work on. When they feel ready, test them on all 12 times tables at the same time. Keep track of their scores and have fun with it.

TIMES TABLES ROCK STARS

For more details, see the parent guide on our class page.

This encourages children to learn their times tables whilst battling against their friends.

Children have their logins stuck into their reading diaries.

Enjoy the challenge!
